

Remarks/Arguments

Each of the independent claims is currently amended. Independent claims 1 and 5 now include the "electrophotographically screening." The added subject matter is not new. This appears in paragraph [018] of the original specification.

Independent claim 11 now includes "organic materials contain at least an organic conductor layer, an organic photoconductive layer and a filming layer." The added subject matter is not new. This appears in paragraph [028] of the original specification.

Applicants respectfully assert that each of the claims now contains subject matter not considered during the prior rejections. Applicants assert that the cited references neither individually nor collectively anticipate, nor make, obvious applicants' claims.

If the Examiner has any question that would facilitate the resolution of the issues, he is respectfully requested to contact the undersigned at 717-295-6207.

Please charge extension fees for three months and the cost for the RCE to Deposit Order Account No. 07-0832. Please also charge any additional fees associated with this application to Deposit Order Account No. 07-0832.

Respectfully submitted,
LaPeruta, Jr. et al., Applicants
